EVERYTHING TO EAT AND WEAR

HIGH CLASS

In every respect is the claim we make for our goods. The following brands prove this: Stanfield's Underwear for Men, Watson's Underwear for Women and Children, Men's W. G. & R. Fine Shirts and Collars, Men's Style Craft Suits, Men's Regal Brand Dress Shoes, Carhartt and Headlight Overalls and Combination Suits. You have only to see our display to know that our claim is justified. But we are not so high on prices as we are on quality. You'll know that also when you learn them.

"The Proof of the Pudding is in the Eating Thereof."

Likewise, the proof of the TEA is in the drinking. The solo Deckajulia Tea is increasing daily. Why? Because it is the best value for the money—per lb \$1.00—but goes twice as far.

Gold Seal Tea, per pound 66c.
Pure Marmalade per tin \$1.00.
Pure Strawberry, Raspberry
and Black Currant Jams, \$1.00
Edwardsburg Syrup, 5 lb tin 80c.

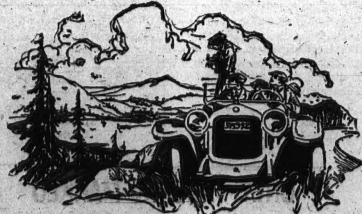

Grocery Prices
Worth considering

Blairmore, Alberta

Lady Emma Cavendish, mother of the Duke of Devonshire, governor-general of Canada, died in England.

Owing to inclement weather, the football game of Saturday last was not a success and the game will likely be played this week end.

Fatal Accident At Greenhill Mine

The first fatal accident to have occurred in Greenhill mine resulted in the almost instant death of Joseph Rezac, a Bohemian miner, on Tuesday afternoon. Rezac was just in the act of coming off shift following a shot just fired, when a bunch of cap rock dropped on his head, breaking his neck. His partner who was walking beside him had a narrow escape.

Rezac leaves a wife and five children residing at Frank. Interment took place on Thursday, and was attended by the members of various unions and societies and was one of the largest seen here for years.

Because of accident and out of respect for the unfortunate man, Greenhill operation was suspended for three days.

New School Secretary

At a meeting of the school board this week, the resignation of J. B. Harmer as secretary-treasurer was accepted and J. W. Gresham was appointed secretary-treasurer, to assume complete role of office, following an audit to be made by the Ritchie-Patterson Co., of Lethbridge. Place and hours of new office and secretary will be found elsewhere in this issue.

The chairman presented a report in connection with the subscription list for prizes presented successful pupils at the closing of the June term. The report was on motion accepted and Miss Fulton was appointed custodian of balance of funds on hand. A vote of thanks was tendered Chairman Hamilton, Principals Cunningham and Mackay for their interest in the matter.

Secretary was instructed to write the deputy minister of education re bonds for new secretary.

By Way of An Eyeopener

It is reported that a man has agreed to pay \$1000 for an eight months' lease of premises being at present used as a "blind pig." The property is actually worth \$20 per month.

The grading of the main highway from Crows' Nest east, with the government sream-grader outfit, under the superintendence of Mr. Beattie, is progressing very favorably, and represents a first apparent real effort on the part of the government to order to the needs of this district. Good work is being done at what might be considered very nominal cost. It is not yet known what the government's intention is regarding the slide road, but to the people of this district it appears that a very great diversion of the roadway would be necessary.

DRESSMAKING—Mrs. Wilson, of Brockville, Ontario, is prepared to make dresses, either plain or evening suits, blouses, coats, plain or fancy underwear, kimono, by the day or garment as preferred. Will cut and fit for parties wishing to make up. Phone 153.

ANNOUNCEMENT

The Crows' Nest Pass Motors

Will open for business in the West Canadian Collieries'

-GARAGE-

Monday, October 11th

With a full supply of Automobile Parts and Accessories, and an able staff of mechanics.

Valuable Property Changes Hands

The historic Beebe site at the corner of Fifth Avenue and Victoria Street changed hands the early part of the week, having been purchased from Capt. W. A. Beebe at a consideration of several thousand dollars by a company of Chinese restaurateurs, who purpose going into the restaurant business in real earnest.

The present building is one of the oldest landmarks in town, having been erected about twenty years ago by Capt. Beebe.

The property is considered among the most valuable in The Pass.

New Garage To Open Monday

The Crows' Nest Pass Motors, Limited, announce that their new garage in West Blairmore will be open to the trade on Monday next with a full staff of experienced mechanics.

The new garage is the finest in this corner of southern Alberta, and will cater to a long felt want. Mr. L. L. Morgan, brother of R. W. Morgan, of Pincher Creek, will be the resident manager.

Blairmore Local Talent

Volunteer Services in Behalf
of Catholic Church

Tuesday, October 19th, has been set aside as the day for Blairmore local talent to stage their play in behalf of the Catholic church.

Miss Sarah Gibney and Mr. Springer are in town getting every volunteer to stage their play. They have already been procured. Those kind enough to donate their services are: Mrs. H. Gibney, Miss Grace Turner, Miss Marion Ennis, Miss Beatrice Baird, Miss Sarah Gibney, Mr. James Lott, Mr. H. Pinkney, Mr. W. Duff, Mr. W. P. Springer, Mr. Fred Thorpe, Mr. P. Mulligan and Mr. James Amato. Mr. Harry Sharp.

"She Couldn't Marry Three" will be the title of the play and Mr. Springer, who is staging the performance, promises Blairmore one of the biggest treats in the way of comedy it has had in a long time. Mr. Springer is localizing the play, taking the characters from real life in Blairmore, so look for some fun.

Vaudeville will be presented between acts. A dance orchestra has been procured, luncheon will be served and it looks as though Tuesday, October the 19th, will be the big day of the year.

NOTICE

J. W. Gresham, having been appointed secretary-treasurer of Blairmore School District No. 628, the business of that office will be carried on at the office of Gresham & Comfort, Blairmore Block. Hours 10 to 4; Saturdays 10 to 12.

Don't forget "She Couldn't Marry Three" at the opera house on Tuesday, October 19th.

J. W. Gresham & I. Comfort

"Very Good, Eddie" was played by Coleman talent to good houses, at Coleman on Monday night, and at Blairmore tonight, under the auspices of Coleman Women's Institute. Great credit is due the several enthusiastic young people of Coleman and their able trainers and assistants, Miss Gibney and Mr. Springer, and it is pleasing to note the appreciation manifested by the local public in the local dramatic effort.

Owing to having contracted a severe cold while at the coast, the governor-general has been obliged to make considerable changes in his programme, and will pass through Blairmore at 6 p. m. Saturday instead of Monday. At the depot a deputation of citizens will wait upon His Excellency and present him with an address of welcome. The local I.O.G.E. will have charge of the main proceedings.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum

and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Made in Canada

The Demand for Uniformity

In this very practical age there is a widespread demand for the adoption of uniform methods in business, uniform systems of currency and weights and measures, uniform laws in relation to many subjects, even a uniform language, and some people would have a uniform and simplified calendar, a uniform church, while the extremists in the ranks of labor would have all men and women become servants of the state, with no private ownership of property. In a word, there is a growing tendency to standardize everything that can be standardized without giving much thought to the all-important question whether such standardization would ultimately prove to be of benefit to the human race.

In order to provide for quantity production, standardization is necessary. The war emphasized that truth. Furthermore, standardization makes for economy in manufacture. Hardly anyone will deny that if it were possible to standardize all makes of agricultural machinery, with all parts interchangeable, it would mean an enormous saving in time, labor and money. And what is true in regard to implements of agriculture, production is really true in many other lines.

Efforts which have been put forth in recent years in Canada to bring about a larger degree of uniformity in legislation are also along the right line. With a Federal Parliament and nine Provincial Legislatures all passing laws every twelve months, and in many instances all dealing with the same subject, the need for uniformity where it is at all possible is quite manifest if confusion is to be avoided and people enabled to have a clear understanding of the law. It is, therefore, gratifying to know that success in enforcing the efforts of those who are striving to bring about uniform insurance laws, uniform laws governing companies, a uniform divorce law, and so on. The various movements to establish throughout Canada uniform qualifications for doctors, lawyers, dentists, school teachers, etc., so that persons qualified in any of these professions in one Province will be eligible to follow them in another Province, are sane, sensible and economically and nationally wise.

There are, however, some demands for uniformity which should receive careful scrutiny and serious consideration before they are complied with. Take, for example, the agitation for a common language. In the first place it is a waste of time because it is impractical. People will not relinquish their mother tongue, and what is right and proper that in an English-speaking country every child should be obliged to learn English, and the teaching of English in every school should be insisted upon, it is the height of folly to expect all people to abandon the use of their native tongue. And to endeavor to provide a universal language for the world, whether it be English, or French, or Latin, or Esperanto, is futile. But even if it could be accomplished, would not the human race be the loser through such uniformity and the loss of the beauty and of expression of which every language has its share? Even admitting the practical advantages of a universal language, would not the losses resulting therefrom more than offset the practical advantages gained?

Then there are those who would have the metric or decimal system of weights, measures and coinage adopted all over the world. Others would reform the calendar and provide for a year of thirteen months, each containing exactly four weeks, so that any given date would always fall on the same day of the week; that is, if the 1st, 8th, 15th and 22nd of January were Sunday, so, too, would the same dates in all the other months fall on Sunday, and what would be true of Sunday would be likewise true of every other day in the week. These changes would, of course, have their advantages, but in view of the tremendous upheaval they would work in, so many ways, their adoption is very remote. Little is to be gained, therefore, in wasting time over them.

But wherever it is possible to bring it about there should be uniformity in legislation in Canada. Such uniformity will tend to unify our people; it will have a tendency to develop that national spirit of which this Dominion stands so greatly in need. Quite as much as a protective tariff it will assist to develop interprovincial trade and enable Canadian industrial and financial institutions to do a successful business in Canada. The three Prairie Provinces of the West have advanced along this line to a far greater extent than the rest of Canada, and their example may well be followed by the other Provinces, and also further developed here in the West.

INSTANT POSTUM

Better health results and you'll appreciate the economy and convenience
AT GROCERS EVERYWHERE

There's a Reason for Postum.

Gold in Nova Scotia.

Marked development has taken place in the gold industry in Nova Scotia in the past several years. The gold deposits of the province cover an area approximately 3,500 square miles. The gold is free milling and is from 870 to 970 fine.

AN EXCELLENT MEDICINE FOR LITTLE ONES

Baby's Own Tablets are an excellent medicine for little ones. They are a mild, but thorough laxative which sweeten the stomach and regulate the bowels, thus bringing relief in cases of constipation, indigestion, colic, colds and simple fever. Concerning them Mrs. L. J. Chaisson, Paquetville, N.B., writes: "I have found Baby's Own Tablets excellent for my young baby in the case of constipation and colic and it gives me great pleasure to recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Williams Medicine Co., Brockville, Ont.

Biscuits in 55 Minutes.

Transformation of wheat from standing grain to hot biscuits in 55 minutes is a record established at Chapman, Kas., recently by Harry Ruff, head of a local milling company. He drove into a field where a farmer was harvesting wheat with a harvester-thresher which cuts and threshes the grain in one operation and took two bushels of wheat. This he rushed to the mill where it was ground immediately, then took the flour home, of which Mrs. Ruff made biscuits.

From the time the grain was cut to the first bite of biscuit was 55 minutes less than an hour, including 32 minutes spent on the road.

Export of Animal Products.

Canadian export trade in animals and animal products for the first four months of the fiscal year shows a favorable trade balance amounting to \$2,071,148, representing 80 per cent of the total trade value of agriculture. The export trade, however, shows a reduction in value of approximately 50 per cent, when compared with the exports for the same period of 1919.

Hard, Soft or Bleeding?

No matter what kind or where located, any corn is promptly cured by Putnam's Corn Extractor; brings purely vegetable it causes no pain. Guarantee with every bottle of Putnam's, "use no other, 25c at all dealers."

Indian Acquires Wealth

Forty-five Bushels to the Acre on the Indian Reserves.

The value of the crop now being taken off the Government Greater Production Farms is estimated at \$2,500,000 by officials of the department of Indian affairs here. It is stated that the wheat on the Alberta farms is running forty-five bushels to the acre and is grading No. 1. Fifteen cars have been moved east. The wheat is being threshed at the rate of 20,000 bushels a day by ten outfits. One hundred thousand bushels of the estimated 500,000 bushel crop has been threshed.

The year's profits will be well over \$1,000,000.

Minard's Liniment for Burns, Etc.

W. N. U. 4336

Save Waste Paper

Takes Place of Wood Pulp and Saves Millions of Trees.

Few of us realize the importance of saving waste paper. Today when the country is threatened with a wood and paper famine and our forests are disappearing so rapidly every effort should be made to save every scrap of paper. It is estimated that the saving of paper would make it possible to save over 1,000,000,000 feet of lumber each year. Waste paper, such as old magazines, books, all kinds of printed matter and paper books, takes the place of wood pulp and saves millions of trees. Such material is used for paper, making paper boxes, roofing and building boards and paper shipping containers of all kinds, which carry as much as 100 pounds. If everyone would save the waste paper in his home it would not be necessary to use a single tree for such material. It would require more than 500,000,000 feet of lumber each year to make the paper shipping cases used throughout the country.

Scotland Yard now employs X-ray in searching the wearing apparel of suspects for hidden papers, valuables, weapons and poisons.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Extremator.

The Talking Rock.

"Have you ever heard the origin of the name 'Talking Rock,' a post office in Pickens County, Georgia? The Boston Post told it this way: 'Some one discovered in the vicinity a large stone upon which had been painted the words: "Turn me over." It required considerable strength to accomplish this, and when it was done the command, "Now turn me back and let me fool somebody else," was found painted on the other side of the stone."—Christian Advocate.

Battledford and Lloydminster Crops.

In the Battledford and Lloydminster districts, threshing has commenced and a considerable amount of grain has reached the elevator; one elevator receiving 15,000 bushels last week. While in some limited areas in this district some of the wheat was sprouted, general conditions are very favorable.

Sunken Eyes Brighten Quickly, Health Returns

In a Message to Ailing Women Doctor Hamilton Tells How It Is Done

In speaking of the ills from which women suffer, Dr. Hamilton points out that nine out of every ten women are by nature inclined to habitual constipation. Harsh purgatives are resorted to which only intensify the trouble. Although not generally known, it is a constipated condition of the bowels that causes half the sickness and tired weariness with which all mankind is so familiar. It was after long years of suffering, Dr. Hamilton, perfected the pills which have been of such marvellous benefit to women the world over. In his pills of Mandrake and Butter nut every sufferer will find an absolute specific for constipation, sick headache and biliousness. It is safe to say that Dr. Hamilton's Pills bring better health and keep the system in a more vigorous condition than any other medicine ever discovered. At all dealers, in 25c boxes.

Valuable Wheat Shipment.

A hopper freight car of the Canadian Pacific Railway, known only by its number 240,000, has the honor of carrying the largest and most valuable shipment of wheat which ever rolled over the rails eastwards from the western prairies. It hails from the Rathwell district of Manitoba, bound for Fort William, and consists of 2,500 bushels of first class wheat, valued at \$2,150.

Miller's Worm Powders are complete in themselves. They not only drive worms from the system, but repair the damage that worms cause and so invigorate the constitution that it speedily recovers from the disorders of the digestion that are the result of the work of these parasitic intruders. They do their work thoroughly and soundness follow their use.

The terrible inroads made by the war upon the men in France leaves that country at the present time with only one man to every fifteen women.

Your Eyes

Granulated Eyelids, are inflamed by sun, heat and dust, and are quickly relieved by Murine Eye-Salve. No smarting, no burning, just Eye Comfort. At Your Druggist or by mail 60c per Bottle. For Bank of the Eye free write to Murine Eye-Salve Co., Chicago.

Moving Pictures of Livestock Industry

Pathe Corporation is Working in Conjunction With Grain Growers' Association.

Manor, Sask., is the scene of the initial chapters of a film story which is being prepared by the Pathe Film Corporation, which will show the working of the cattle industry from producer to market.

The film is being made by arrangement with the Grain Growers' Association, and shows the cattle on the farm of Chris Jacobi, followed by a scene of a large shipment being collected and loaded on the cars at the Manor stockyards and thence to the Winnipeg market.

On completion the film will be shown extensively throughout the west, and it is expected to show the western farmer in a way that could not otherwise be done, why some cattle are sold at a loss, and how to get the best results in marketing livestock.

Grain Growers' Smile.

The grain growers of the West just smile when told that eighty per cent of the products of Canadian farms is consumed in the Dominion. It would take Canadian consumers almost five years to eat this year's wheat crop.—Toronto Globe.

"When she gave you the piece of cake, did you say, 'Thank you?'" "Yes, ma; but it didn't do no good." "Didn't do any good?" "No; she didn't give me another piece!"

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merit through years of service. A trial will surely convince you.

To Increase Membership

Knights of Pythias Reducing Minimum Age Limit to Eighteen Years.

In conformity with its general program of policy of expansion by which it is proposed to carry the principles of the order into new fields of Pythian endeavor, the Knights of Pythias at the recent biennial convention of its Supreme Lodge at Minneapolis adopted an amendment to its organic law reducing the minimum age limit to 18 years. Since the order was founded, membership has been restricted to white male persons, not less than 21 years of age and under 50, except that persons over 50 might be accepted as members by dispensation. But out of the great World War many lessons came of a nature calculated to change the old order of things.

Inspired by thoughts of service rendered and sacrifices made by the boys of the land and being deeply sensible to the conviction that if a boy of 18 years is man enough, strong enough and patriotic enough to serve his country in time of war, he is competent physically, mentally and temperamentally to participate in the settlement of the problems of peace that came to us as a heritage of the war in which he fought.

The Knights of Pythias have invited boys and men of 18 years and over to enlist under the tricolor banner of Pythian Knighthood in the movement designed to banish discontent and discord and make the world brighter and happier.

Test of Friendship.

A man seldom goes to a friend for a loan if he really needs the money.

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound.

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."—Mrs. W. H. Bailey, R. R. 2, Bothwell, Ont.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read, and answered by women only.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package. It is the only safe, harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

LET "DANDERINE" SAVE YOUR HAIR

Get rid of every bit of that ugly dandruff and stop falling hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" in any drug or toilet counter for a few cents, pour a little in your hair and rub it into the scalp. After several applications the hair, usually stops coming out, and the itching, itching scalp. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

Although there is a steady demand for long human hair, the clippings from men's heads have no commercial value.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the genuine Aspirin—the Aspirin prescribed by physicians for over ninety years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Rheumatism, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Rheumatism, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Rheumatism, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Rate Case May Be Referred Back To Railway Commission

Ottawa.—Hearing by the Government of the appeal from the decision of the Railway Board granting increased railway rates, was closed after two days of argument before Prime Minister Meighen and several of his colleagues. The Prime Minister stated that due consideration will be given to the statements made before them, in defense of the rates judgment. He remarked that many of the matters discussed before the ministers were such as could only be determined by a properly constituted tribunal, such as the Railway Commission. Unless the Government proposed to reverse the decision of the board, it would be necessary for proposed to reverse the decision of whether or not a policy has been adopted which is repugnant to public policy.

Should it appear that an error had been made by the board, a reference back to that body would be appropriate. However, much matter had been brought forward which could receive the consideration of the Government and a decision would be given as soon as possible.

A railway company is entitled to whatever profits are involved in working under rates that are fair and reasonable, was the crux of the argument advanced by W. N. Tilley, K.C., chief counsel for the C.P.R., in opposing the request for reversal of the decision of the Railway Board.

In answer to a question by Hon. C. C. Ballantyne, Mr. Tilley stated that the C.P.R. would not, by any means, be able to pay its 10 per cent. dividend on the basis of railway earnings alone. Substantial revenue was derived from steamship services and other operations in which the company engaged.

To the argument that the rates were discriminatory against the West, inasmuch as the increase came during the last four months of the year, when the crop movement was heaviest, Mr. Tilley answered that a portion of the increase was necessitated by demands of labor. The railways had been threatened by a general strike unless wages were increased. The railway companies felt that it was most important, in view of the crop movement, to keep their employees at work in order to avoid any tie-up of the movement. But it might fairly be argued that the traffic which necessitated the increased wages should pay the increased cost.

Right Hon. Arthur Meighen dissented to this argument. The increased rates should be spread over

the whole country, insofar as possible, he said. It would be unfair to penalize any section of the country just because the traffic movement was heavier in that section. In answer to the Prime Minister, Mr. Tilley said that the C.P.R. was not getting any of the increase which had been granted to take care of advanced wages. It was all going to the employees.

Mr. Tilley asked the ministers to allow the judgment to stand. A flat increase was desirable, he said, because it conditions become normal it could be more easily removed.

Mr. Tilley said if the judgment of the Railway Commission erred in any direction, it had erred in not granting the full application of the railways. There was no justification for the five per cent. deduction made by the Railway Commission in the Western rates, nor was the five per cent. reduction in the increase rate after the beginning of the next year justified.

Hon. J. A. Calder asked Mr. Tilley to express his opinion of the arguments advanced by the appellants in the present case that the times are abnormal and the C.P.R. should be willing to use some of its past surplus to tide the company over a difficult period.

Mr. Tilley replied that if a railway has something to sell it is entitled to its value at the time of sale. If it is carrying on under abnormal conditions, it is entitled to compensation for loss incurred. There should be changing rates for changing conditions. A railway should not be expected to go into a period of high expense and run into a period of depression unprepared for it.

Mr. Tilley referred to the order of the Railway Commission increasing the rate on export traffic from the ports of Montreal, Quebec, St. John and Halifax, exception to which was taken by Mr. Symington. There was no intention or desire to discriminate against the West. The order did not apply to the Western haul, but only to that territory east of Fort William.

Mr. McDonald—counsel for the Canadian National Railways, stated the railways were not going to pay operating expenses even at the increased rates, which had gone into effect. The C.P.R., he said, was practically the only railway that had pulled through the war without Government assistance. The railways, if allowed a rate commensurate with operating expenses, would pull through. The C.N.R. should be permitted a rate that would allow it to show a net profit on operations. The C.N.R. is a normal railway.

To Adopt Manitoba Plan

District Agent Will Fight Sow Thistle in Minnesota

St. Paul, Minn.—The plan successfully used in Manitoba—that of having district agents to fight the menace of the sow thistle is advocated for the Northwestern part of Minnesota by J. H. Hay, deputy commissioner of agriculture, who says that this situation is becoming serious in that district.

Mr. Hay urges that a plan of having county agents plan campaigns to eradicate the evil be worked out.

New Steamship Service Planned

Victoria, B.C.—The British Columbia Coast Steamship Service has under consideration a round-the-island weekly service, as an attraction to tourists next summer. The plans call for the operation of the Princess Maquinna around Vancouver Island from Victoria. The boat goes as far as Quatsino Sound. Under the new scheme, all would round the end of the island and come down the inside, touching at points en route, going to Vancouver and then returning here.

Younger Mennonites Going to Quebec

Quebec.—The younger Mennonites of Manitoba, who were at first unwilling to decide to leave that province with older members of their sect, on account of the educational restrictions, have now informed the Quebec Government that a delegation will be sent to the Abitibi region with a view to selecting land to migrate to.

Tax Receipts Five Million

Vancouver.—Civil tax receipts swelled the total paid to the city treasury so far this year to over \$5,000,000.

FREIGHT RATES CASE ARGUED AT OTTAWA

THE QUESTION IS RAISED OF ALLEGED DISCRIMINATION

Eastern and Western Interests Both Want Freight Rates Modified

Ottawa.—Introduction of the question of alleged discrimination in freight rates between the East and West in the argument before the Government on the appeal from the railway commission, presents to some degree a new phase of the question, and there was some reason to anticipate that the case will be referred back to the commission.

In the judgment of the board, this question was gone into exhaustively. In the argument now in progress, however, it proves to be a very vital element in the case with a rather curious conflict between different parties on the same side. It is not improbable that the case will be referred back to the commission.

It is the old question of east and west, the railways contending that it does not exist, the western counsel holding that it does and part of counsel for eastern interests contending that it should obtain anyway. The way out may prove to be a re-hearing before the commission, thus relieving the Government of the responsibility of ratifying the increase and also of the distasteful process of overruling the commission which is a very rare occurrence, if the 1917 case can be regarded as a precedent. Should there be a re-hearing, the increased rates meanwhile will remain in force.

While a variety of interests are lined up against the railway rates increase and ask the Government to disallow it, the attack is from divergent and rather conflicting angles. It is the old question of east and west. The railways seek a sharp increase in rates and they have got it from the tribunal which exercises jurisdiction over them. Provincial, municipal and commercial bodies are engaged in the appeal that seeks to free the Government, but while the west wants rates determined in one way, the east wants it done another way. There is a variety of views and a variety of motives raised and this fact caused Sir James Loughheed to suggest that the appellants get together and determine just what points they desire the Government to pronounce upon.

Both the eastern and western interests, on principle, oppose the increased rates, and want them modified, but while counsel for the western provinces urge that all parts of the country be put on a parity in respect to rates, A. C. McMaster, of the Toronto Board of Trade, in today's argument, held out strongly for the maintenance of the present system, whereby rates east of the lakes are lower than those in the west. His contention was that, without this difference, the eastern manufacturer would be shut out of the western market, which would be opened to American competition. It is apparent that the lot of the Government will not be an easy one in developing such a modus operandi as will suit the variety of appellant interests and concurrently minister to needs of the supposedly embarrassed farmer.

Manitoba has sent down a clever advocate in H. J. Symington, whose address in opposition to the rate increase was easily the most elaborate. His contention was that the case must be decided on the necessities of the Canadian Pacific, and that it had not been shown that that company needed assistance. Admitting that assistance is necessary, it should not be granted till the disparity between the east and west is received. Another notable point was that the rates should depend on the cost of the commodity, and this was linked up with the contention that operating costs on the west are lower, revenues higher and traffic denser, hence the rates should at least be the same as in the east.

Poland Receiving Allied Help. London.—A wireless dispatch from Moscow says that Poland has received large supplies from the allies through Danzig. England, the message declares, sent seven steamers loaded with munitions and three tanks and 12 small vessels with provisions, while the United States sent two ships. The arms reported to have been seized, must have been brought to members of the crew.

Ship Hits Rock

Vancouver.—The Grand Trunk Pacific passenger steamer Prince Rupert, northward bound, struck a rock in Swanson Bay, but was not seriously damaged. The passengers were taken off and proceeded on their northward journey on the Prince John.

Wall Street Victim Dies

New York.—The thirty-seventh death as a result of the explosion in Wall Street, September 16, occurred when Theodore H. Bailey, 55, a New York stockbroker, died in the Post Graduate Hospital.

CANNOT AFFORD TO BE NEUTRAL IN POLITICS

HON. W. L. MACKENZIE KING SPEAKS AT VANCOUVER.

Liberal Leader Says That This Is a Moment of Transition in Political Conditions

Vancouver, B.C.—Before a great audience here which gave Hon. W. L. Mackenzie King and his colleagues a most enthusiastic reception and hearing, the leader of the Liberal party, addressing the second meeting of his caucus, said that the Liberal party laid special emphasis on the fundamental difference in attitude, methods and outlook between the party in office at Ottawa and that of the Liberal party.

This is a moment of transition in social and political conditions which will go far to determine the whole future trend of Canada's destiny as a nation, and no man or woman, the Liberal chief declared, can afford to be neutral in his or her political allegiance. The choice, he said, is between those who are not afraid of change in the social order, and those who resist change, and between those who are progressive and those who are reactionary. He said that in these days of readjustment, little thought or attention had been given to domestic affairs, that since the day of 1917, the country had been on a whole had had an opportunity of hearing national issues discussed with reference to those problems which are primarily of domestic concern.

Mr. King discussed the leading questions of the day, the cost of living and the tariff, declaring that what is wanted is not taking of evidence but immediate reduction in prices of necessities of life. In regard to the high cost of living, Mr. King said, the country had left the people in the dark; taxation, and what he declared was the extravagance of the Government in the matter of civil service appointments and commissions, had played their part in this direction.

The excuse of war expenditure was being worn out, but the real explanation is that proper steps have never been taken to meet the conditions. Other governments, he declared, were all taking these matters into consideration, but the present Canadian Government still seems dilatory.

Dealing more particularly with the fundamental differences in attitude, methods and outlook, between the party in power at Ottawa, and that of the party which he represents, Mr. King said that these were days of new alignments in social and political life. The world, and that throughout the period of the war, little thought or attention had been given to domestic affairs.

A body of voters, so large as to constitute an entirely new electorate had come to the fore, the young men between the ages of 20 and 30 and the women voters. It would be found that irrespective of the names by which they may be called, the choice of the electorate lies today, as in the past, between those who are not afraid of change in the social order, and those who resist change, and between those who are progressive and those who are reactionary; between those who are prepared to trust the people and assist them in their struggle for wider freedom, social, political, fiscal and political, and those who mistrust the people and are concerned in keeping intact the strongholds of privilege, thus widening the opportunity to the many who constitute the great citizenry of the nation.

Iceland Wants Canada's Trade

Would Establish Direct and Continuous Steamship Service

Montreal.—A continuous freight and passenger service in Iceland from Montreal during the open season, and Halifax in the winter, soon will be in effect if Mr. Arni Eggerston, prominent real estate and financial broker of Winnipeg, is successful in the mission he has undertaken for the government of Iceland, from which country he just returned. To encourage trade between the two countries Mr. Eggerston has been commissioned by the Icelandic Government to effect a loan either with the Dominion Government or the banks.

Reduction by Collars

Chicago.—A large middlewestern manufacturer of men's collars announced a 12 1/2 per cent. price reduction.

The Cost of Living Now Believed To Be On The Down Grade

Appointment of Minister To U.S. is Postponed

Matter Will Be Left in the Hands of Sir Auckland Geddes to Decide

Washington.—Appointment of a special Canadian minister plenipotentiary to the United States is understood to have been indefinitely postponed. The plan to establish a separate Canadian mission in Washington has been suspended, however, at least in execution.

An element which has been considered in connection with direct Canadian representation in Washington is that Australia, South Africa and other British colonies and dominions might secure such representation, in fact, there was a movement in some of the dominions for such representation, and the British Foreign Office was said to have taken the view that inefficiency might result from having several Dominion ministers in the United States.

The British Government actually assisted in an appointment being made, and estimates were passed, covering such expenditures on Canadian behalf. The plan to establish a separate Canadian mission in Washington has been suspended, however, at least in execution.

Between March and July the retail prices of clothing in the United States were found to have fallen four per cent, the decreases being pronounced in woollen clothing while woolen yarn, goods, shoes, blouses, and muslin underwear dropped slightly, but cotton yarn, goods, hosiery, knit underwear, shirts and overalls, gloves and hand advants. The great cuts announced after the overall and old clothes campaign appear to have been chiefly in seasonal goods and due to the late spring as well as economic conditions.

The increases in cost of living in the United States reported from time to time by the board agree closely in the average with the calculations by the Department of Labor as to the increases in Canada. For July, 1920, in both cases, the increase since the beginning of the war is 105 per cent, but food, rent and clothing appear to have risen some what more in the United States, while food advanced more in Canada. Differences in methods of calculation, however, account partly for these differences as well as differences in climate and commercial conditions.

In December, 1919, the average weekly cost of a family budget in Canada according to labor department statistics was: Food, \$7.75; fuel, \$1.88; rent, \$4.08; clothing, \$3.00; sundries, \$3.18; a total of \$19.90.

That total increased steadily until July, 1920, when it reached \$40.75. The items were: Food, \$16.48; fuel, \$3.64; rent, \$6.38; clothing, \$7.38; sundries, \$6.50.

There was a decrease in the weekly budget in August when the total reached \$40.43, the items being: Food, \$16.48; fuel, \$3.64; rent, \$6.38; clothing, \$7.38; sundries, \$6.50. Figures for food, fuel and rent are taken from the Labor Gazette figures for clothing based upon average increases in men's clothing as shown by prices from several dealers throughout the Dominion; for sundries based upon the average increases in the other groups.

Must Sell to Canada First

Backus Interests Receive Pulp Wood Concessions Under Certain Stipulations

Toronto.—An agreement between the Ontario Government and a syndicate represented by E. W. Backus, of Minneapolis, Minn., regarding pulp wood limits and water power in the Lake of the Woods district, was signed after weeks of negotiation. The Backus interests are now held. This lease calls for the distribution of power to the city of Kenora subject to rentals, reservations and conditions.

Mr. Backus, who owns the Norman dam at the outlet of the Lake of the Woods, which is regarded as an essential work for the regulation of the level of the lake, consents to submit to such regulations to this dam as may be imposed by the minister of lands and forests.

Wants to Buy Left Ear

New York.—Numerous letters and personal applications from men willing to part with their left ears have been received by Frank F. Quezada, the wealthy young Cuban who came here to buy a left ear to replace the one lost when his horse kicked it off after throwing him. Quezada is stopping at No. 158 East 122nd Street.

The letters demand all the way from \$2,000 to \$100,000 for left ears.

Injured Treated in Hospital

Belfast.—Twenty-five persons are under treatment in the hospitals here for injuries received in the week-end disturbances.

Aviator on Alaskan Expedition Injured. Prince George, B.C.—An authentic report has reached here that Lieut. Alaskan flying expedition, on the return journey to New York from Nome, crashed to the ground while making a landing at Hazelton, B.C. The pilot is said to have been injured and the plane badly damaged.

The Salesman Epidemic

(Strathmore Standard)

The effective means employed by farmers in areas which the grasshopper used this spring as jumping off points reduced the damage done by these pestiferous insects to a minimum.

Another plague of some kind different variety is now upon us. This is the "insidious salesman epidemic." The farmer, however, is not the only sufferer. It affects the townsman as well.

While the grasshopper has a partiality for young grain, the other kind of pest has a partiality for bankrolls. Unless the victim is a very strong minded type of individual he will be driven into a corner and talked into a state of coma, when the aggressor will work his will on him to whatever extent he has ascertained to be good for.

While Paris Green and bran is all right for grasshoppers, it cannot be used against the insurance men, etc. The law will not stand for it.
So, effective means of protection has yet been devised against this evil. They may attack in the form of a book agent, lightning rod man, insurance, or multifarious other forms. Some people have tried to corner them by offering them jobs or work, but this has never proved effective.

A close examination indicates that these suave and well-dressed individuals make more money by a long way than the worker, even with harvest wages at dollars a day and up. They can sell the people whom the local dealers cannot sell to at all, and charge twice the money that the local man would ask and get away with it.

It seems a pity that in this day and generation, when productive labor is so scarce, the energy of many of these people cannot be devoted to some useful purpose. Besides the loss of their own productive time, they always consume a considerable portion of the time of their victims.

There is room for the legitimate salesman, but the house-to-house canvasser is a very different matter. He is a pest when sales of minor articles are involved or in cases where he increases home production. The home dealer doesn't usually make a success of that sort of business anyway. He hasn't gall enough.

Returned Soldiers' Insurance

All returned soldiers and their families will be interested in the Returned Soldiers' Insurance Act, under which they are provided with an opportunity of obtaining Life Insurance at most favorable rates. The Act became effective on September 1st, 1920, and will remain in force for two years.

Under the provision of the Act any honorably discharged soldier, sailor, or nurse, or of the Canadian Forces domiciled and resident in Canada, may insure with the Government to an amount of from \$50.00 to \$5,000.00. Under certain conditions the widow of a returned soldier, who died subsequent to discharge, may also obtain insurance.

In addition to former members of the C. E. F. the privileges of the Act are available to anyone, male or female, who served during the late War in the Imperial Army or with the Forces of any of the allied or associated powers, providing they were domiciled and resident in Canada before the War and held an honorable discharge.

Many of those who served overseas, while not suffering from a severe disability, find that their physical condition is such that they are unable to obtain life insurance at all or only at much higher rates than are normally demanded. They, therefore, find themselves severely handicapped in providing protection for their dependents. Under the (Returned Soldiers' Insurance Act all returned men are placed on an equal basis as on medical examination is required.

The premium rates are low. They vary with the age of the insured and the plan of insurance chosen. At the age of twenty-five a straight life policy for \$1000.00, costs \$1.24 per month. At the age of thirty-five the rate is \$1.70 per month. Beneficiaries are limited in the case of a married man to his wife and children. An unmarried man or a widower without children is required to name his future wife and children as beneficiaries. Should the insured die unmarried the insurance money may be paid to one or more of his relatives according to his will.

An exceptional advantage of this insurance is the provision made for a disability benefit. Under this section should the policy holder become totally and permanently disabled he is relieved from paying further premiums and the insur-

ance money is paid to him direct in annual instalments equal to one-twentieth of the total amount of the policy.

Booklet explaining the Act, and application forms may be obtained from all branches of the Great War Veterans' Association; The Soldiers' Aid Commission; Imperial Veterans of Canada; Grand Army of United Veterans; Army and Navy Veterans; Department of Soldiers' Civil Re-establishment; Military District Headquarters and District Offices of the Board of Pension Commissioners; or direct from the Commissioners, Returned Soldiers' Insurance, Transportation Building, Ottawa.

A Unique Bill

An old church in Belgium decided to repair its property and hired an artist to touch up a large painting. When he had finished they refused to pay until he had tinged his account so he presented a bill as follows:

To correct the two commandments \$10.00
To embellish Pontius Pilate and putting a new ribbon in his bonnet \$3.00

To putting a new tail on the

rooster of St. Peter and mending his comb \$2.00

To renewing Heaven, adjusting the stars and cleaning up the moon \$7.00

To brightening the flames of hell,

putting a new tail on the devil, mending his hoof and doing several odd jobs for the damned \$16.00

To taking the spots off the son of

Tobias \$5.00

To carrying the head of Goliath and extending Saul's legs \$8.00

To decorating Noah's Ark and putting a bird on Shem \$5.00

To mending the shirt of the prodigal son and cleaning his ear \$3.00

\$51.00

We believe in a man with back

bone enough to fight, and congratulate George Simpfendorfer, of Millcrest, on the choice he has made of a life partner.

CHANGE IN Train Service

the time and place above men-
tioned.

DATED at Coleman the 25th
day of September, A.D. 1920.
JAMES FORD,
Secretary-Treasurer.

The "Maple Leafs"

One of the most beautiful en-
semble numbers in the "Maple Leafs"
big musical comedy revue, "Cam-
ouflage," is the Colonial Ball,
where all the boys are dressed as
bells of 1860. This dainty num-
ber and the big "rube" song, "Take
Me Back To Bingy lie," where the
boys all portray old men, gives
ample evidence of their wide ver-
satility and real histrionic ability.

Although the boys of the "Maple
Leafs" are all able bodied light-
ning men, each one having done a long
stretch in the trenches prior to his
having been chosen by Capt. Plunkett
to entertain his comrades
overseas, their performance of
"Camouflage" is essentially a "girl
show."

Taking the original party as a
nucleus for the present show, Capt.
Plunkett has gathered together all
the famous impersonators from the
divisional parties as well as from
many of the twenty-eight concert

parties which lie directed in France.
The result has been that the
entire "Maple Leafs" are
offering the greatest of all-man
"girl shows" ever staged.

Their entertainment is a veritable
riot of "Girls" and gorgeously
staged, as only Capt. M. W.
Plunkett whose experience as a
director overseas has proved in-
valuable in his new field as a
theatrical producer could present it.
"Camouflage" will be the attrac-
tion at the Coleman Opera House
Wednesday night, Oct. 13th, and
there is every reason to believe
that it will prove the biggest con-
solation of the current theatrical
season in this town, as well as over
the entire of Canada.

The cast includes: Ben Allen,
Bob Anderson, Sam Birk, Jack
Kelly, Howard Large, Harry Ash-
ton, James Farley, Bill Morrison,
Bobby Scott, Bert Wilkinson, Syd
Walsh, Arthur Svensson, Morley
Plunkett, Leslie Benson, James
Graham, Ormand Perley, Hughie
Williamson.

Cowley Happenings

A big dance was held in Tustian's
hall on Saturday night.

Marjorie Porter is attending the
convent school in Pincher Creek.

Mrs. M. A. Percival has been
under the doctor's care for the past
week.

Phyllis Porter has been forced
to go to Coleman to have a broken
arm re-set.

Mrs. Gilbert Cleland, of Wren-
tham, is visiting relatives and
friends here.

George Ritson paid a visit to
Medicine Hat recently. He brought
back a wife with him.

After spending a few days in
Lethbridge last week, Mrs. Bundy
has returned home.

Mrs. Roland Easterbrook has
returned home with her infant
daughter from Pincher Creek.

The weather is continuing fine
and it will only be a short time till
the threshing is completed here.

A number of local Masons motored
to Pincher Creek on Tuesday
night to attend a special district
meeting.

A hospital meeting to have been
held on Saturday night last was
cancelled owing to lack of an au-
dience.

A number of the locals gathered
together on Tuesday night and
chivareed Mr. and Mrs. George
Ritson. Bing!

A German machine gun has been
awarded to Cowley by the
Canadian war trophies board. It
will arrive shortly.

Mrs. R. B. Harrison has taken
charge of the Olin Creek school.
This school has been without a
teacher for some time.

C. E. Moore was an unfortunate
victim of a runaway on Tuesday
are not serious and he hopes to be
around again in a few days.

Kathleen Elton is the winner of
the Governor-General's bronze
medal for making the highest
marks in the recent grade nine
public school examinations in the
MacLeod inspectorate.

Reserved \$2.00 and tax. Gen. \$1.50, \$1.00 and 50c.

IT'S SIMPLY MARVELLOUS

the way Zam-Buk relieves the burning and irritation of eczema," writes Miss A. Gellat, of St. Nicholas, P.E.I. "For a year I suffered with this disease, and tried all kinds of remedies, but nothing helped me until I used Zam-Buk. The continued use of this herbal balm has completely cured me."

"Although it is now two years since this cure was effected, there has been no return of the disease." Zam-Buk is equally good for ringworm, scalds, sunburn, boils, itching rash, "barber's itch," ulcers, old sores, abscesses, bad legs, blood-poisoning, "sties," cuts, burns, wounds and bruises. All dealers or Zam-Buk Co., Toronto, 80c box, \$2 for \$12.50.

Zam-Buk

Lethbridge Crops Are Heavy

Will Yield a Financial Return of \$55,000,000.

The Lethbridge Herald, in its 22nd weekly crop report, estimates the grain crops in the territory included in the Lethbridge division of the C.P.R. will yield a financial return of \$55,000,000, made up as follows: Twenty million bushels wheat at \$2.25 net average, \$44,000,000. Ten million bushels other grains at \$1.00 net average, \$10,000,000. Thirty million bushels all grain valued at \$5,000,000.

It is estimated that threshing is about twenty-five per cent. completed. Where Builders Are Busy. Building permits issued in Yorkton this year so far exceed \$400,000. It is claimed that there is more building going on in Yorkton proportionately than in any other centre in Saskatchewan.

Bear Island, Aug. 26, 1903. Minard's Liniment Co., Limited. Dear Sirs—Our travels have been today and we are getting a large quantity of your MINARD'S LINIMENT. We find it the best Liniment on the market making no exception. It has been used for many years and has handled all kinds, but have dropped them all but yours; that sells itself; the others have to be pushed to get rid of.

W. A. HAGERMAN. Farmers Buying Tractors. Approximately \$6,000,000 has been invested by farmers in Saskatchewan in farm tractors this year, representing the purchase of about 2,000 machines.

An American firm which claims to be the largest producer of radium in the world has guaranteed to produce 1-2 ounces of radium every year for the next 20 years. If it can do so, the firm will, at the end of that time, have netted the sum of \$180,000,000.

Keeps Baby's Skin Healthy

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema and makes the skin soft, smooth and healthy.

Dr. Chase's Ointment

Saskatchewan Wheat Grading High

Big Percentage of the Grain is Grading No. 1 Northern.

Thrashing operations during the past week in the Moose Jaw district have proceeded rapidly, despite the shortage of threshing hands, according to Mr. Hugh McKellar, secretary of the Moose Jaw Agricultural Society.

Mr. McKellar states that the Robin Hood Mills have been receiving from 8,000 to 10,000 bushels of wheat per day at the elevators from the farmers surrounding the city. The big percentage of the grain received by the Robin Hood Mills is grading No. 1 Northern, with some No. 2 and No. 3. Another pleasing feature is the scarcity of weeds among the grain. The October price for wheat at the present time is \$2.65 1-4 and mills are paying \$2.48 at the elevators.

POOR HEALTH LIFE'S HANDICAP

Rich, Red Blood and Strong Nerves Needed to Win Out.

It has been well said that life is a race. The full blooded man with sound nerves, the bright-eyed, rosy checked woman invariably win. The nervous, dyspeptic man, and the anemic woman are left behind. Success in life is largely a question of good health and sound nerves. It is never the shaky, undecided men who are chosen for promotion; the sickly looking, pale woman is not sought after for her happy sisters.

What makes all the difference in the condition of the blood is the blood is thin and poor, your nerves are bound to suffer, because they have to depend upon your red blood for nourishment. Headaches, undecided will, a shrunken figure and pale, unattractive face are only too plainly that the blood is at fault.

Both men and women in great numbers have found relief from their inferiority in life's blood through the use of Dr. Williams' Pink Pills. They are a remedy that has been a household word for a generation, because they tore up the whole system, make the blood rich and red and strengthen the nerves. Mrs. S. B. Miller, Elmira, Ont., says: "I look upon Dr. Williams' Pink Pills as a family medicine, and have reason to praise them for what they have done in our home. Some years ago, while my husband was in the army, my blood was so completely run down that I was unable to do any work, and even to carry a pail of water would exhaust him. A doctor was called and he told me that my blood was so thin that medicine would be of little use to him. This greatly worried me, and I finally urged him to try Dr. Williams' Pink Pills. He began their use and in a short time the swelling in his hands and feet disappeared. 'No more doctor' he said. He began their use and in a short time the swelling in his hands and feet disappeared. 'No more doctor' he said. He began their use and in a short time the swelling in his hands and feet disappeared. 'No more doctor' he said.

Age of the Earth. How old the earth is can only be guessed. In 1860 John Phillips estimated the age of the earth at between 36,000,000 and 96,000,000 years. Considerable difference in one man's figures. George H. Darwin has discussed the age of the earth from a purely astronomical point of view. From his theory of the earth-moon system he derived an estimate of more than 36,000,000 years.

War on the hands is a disfigurement that troubles many ladies. Hollway's Corn Cure will remove the blemishes without pain.

Women workers in one of the large automobile tire plants in Akron, Ohio, will hereafter receive a minimum wage of \$14 per day.

The size of gloves indicates the number of inches round the knuckles when the hand is closed.

Minard's Liniment Relieves Neuralgia. There are about 15,000,000 women in the United States who are about to assume the active duties of citizenship this fall.

Even the man who is good for nothing may be good for something—say as a horrible example.

Minard's Liniment For Dandruff.

Bank Makes Important Changes

The Canadian Bank of Commerce Creates New Superintendency.

In view of the rapid development which has taken place in the Central West, The Canadian Bank of Commerce has decided to establish an additional superintendency. Heretofore the Central West District comprised Provinces of Manitoba, Saskatchewan and Alberta, but the rapid progress of the Peace River District and other outlying parts of the Inland Empire, in addition to the very general expansion of the Bank's business throughout the older settled portions of these provinces, has made it difficult to handle all the business at one central point, namely, Winnipeg, with the facility of service which has always been the Bank's aim. It has accordingly been decided to leave the business in Manitoba and Saskatchewan, and the branches in Ontario west of the Great Lakes, under the supervision of the Superintendent at Winnipeg and to place the Alberta branches under the supervision of a Superintendent at Calgary.

Mr. C. W. Rowley has been appointed Superintendent of Branches in Manitoba and Saskatchewan, with headquarters at Winnipeg, and J. B. Corbet has been appointed Superintendent of Branches in Alberta.

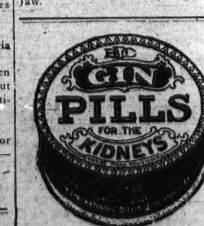

Mr. Rowley has been for the last nine years Manager of the Bank's Main Branch in Winnipeg, and is very well known in the West, having been Accountant at the Winnipeg Branch during the years 1896-1902, after which he served in Vancouver for a short time, and in October, 1902, established a Branch of the Bank in Calgary. Mr. Rowley built up a flourishing business at that point and in addition took a very active interest in outside affairs. He was one of the founders of the Calgary Clearing House and its first chairman, and in addition served on the local directorate of many companies. He went to Winnipeg as Manager of the Main Branch in May, 1911, and has been there continuously since, that time.

Mr. Rowley will be particularly well known on account of his war activities. He is a past President of the Canadian Club and in many ways has identified himself not only with local affairs at Winnipeg but in matters of Dominion-wide importance.

Mr. J. B. Corbet entered the Bank's service at New Westminster in 1901, gained his early training at the Pacific Coast and in 1903 was brought to Toronto. From that date until July, 1911, he was attached to the Head Office staff where he gained valuable experience in administrative work which fitted him for the appointment of Assistant Inspector at Winnipeg in 1911. Since that date he has been continuously at Winnipeg and for the past three and one-half years has been Senior Inspector of the Bank's western business with headquarters at Winnipeg. Mr. Corbet's experience and wide knowledge of western affairs will be of great assistance to the Bank in the Superintendency of Branches in Alberta.

Manager at Calgary will go to Winnipeg as Mr. Rowley's successor. Mr. Nourse has been many years in the West, having been the first teller in the Winnipeg Branch of the Bank, and will be remembered by many of the old-time hockey and football players. He was in the Bank's service in the Yukon during the gold rush from 1888 to 1903, the latter part of the time as Manager of the Skegway Branch. In 1903 he was appointed Manager at Prince Albert and in 1905 Manager at Lethbridge, which post he held until 1913, when he was appointed Manager at Calgary. His thorough knowledge of western affairs during the last twenty-two years will be of great assistance to him in his position.

Mr. Nourse will be succeeded in Calgary by Mr. A. Mayhew, the present Manager at Moose Jaw. Mr. Mayhew spent ten years in various branches of the Bank in Ontario before his appointment as Inspector's Representative in Winnipeg in February, 1903. In September, 1903, he was appointed Manager at Brandon, where he remained until 1916, when he was appointed Manager at Moose Jaw.

NO EXPERIENCE NECESSARY

The idea that bread making is a long and difficult operation is a mistake, as bread may now be included in the list of quickly prepared foods, for with

ROYAL YEAST CAKES

light, sweet bread can be baked and ready for use within four hours from the time the sponge is set. Full detailed instructions are contained in Royal Yeast Bake Book which will be sent free upon request.

E. W. Gillett Company Limited, Toronto, Canada.

How the Blind Can Read

Remarkable British Invention Which Enables the Blind to Read Ordinary Printed Letters. Arrangements have been made with a British firm to manufacture the Optophone, a wonderful instrument which enables the blind to read ordinary type. This instrument, which was recently perfected by the inventor, depends for its action on the peculiar properties of selenium. This metal changes its electrical resistance under the influence of light. In the Optophone five minute beams of light fall upon the printed letters and are reflected on to a selenium cell which forms part of a telephone circuit. The blind operator sits with the telephone receiver to his ear and moves the line of type along. Each letter, according to its shape, alters the currents in the telephone circuit in a particular way, giving a characteristic change of sound. By this means the blind can spell out the words.

The nearest the equator the normally seaview becomes.

The Joy Of A Perfect Skin. Know the joy and happiness that comes to one who possesses a clear, pure and beautiful skin. The soft, distinguished appearance it lends brings out the natural beauty to its full end. In use over 70 years.

People Should Ask Questions. Encourage children to ask questions. Keep them at it. Let them ask them after they have grown up. The great leaders of the world have all been persistent questioners. Theirs is the sort of mind that refuses to stand still; that always wants to know. And always wanting to know brings the hand of success upon the mind. Wherever you find a business man who is so narrow-minded as not to want to know, you will find a man whose business is going to the dogs.

Building in Saskatchewan. The value of building actually started in the province in the month of August is \$1,448,938, in which brick construction leads with \$1,300,638 against \$104,000 invested in frame structures.

A Cure for Rheumatism.—A painful and persistent form of rheumatism is caused by impurities in the blood, the result of defective action of the liver and kidneys. The blood becomes tainted by the introduction of uric acid, which causes much pain in the tissues and in the joints. Parmentel's Vegetable Pills are known to have effected many remarkable cures, and their use is strongly recommended. A trial of them will convince anyone of their value.

About 1,400 Japanese "picture brides" have entered the port of Honolulu every year for the past ten years.

"COLD IN THE HEAD" is no simple attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them invulnerable to repeated attacks of Acute Catarrh may lead to Chronic Catarrh, the CATARRH MEDICINE will take on internally and acts through the blood on the mucous surfaces of the system.

All Druggists 75c. Testimonials free. \$100.00 any case of catarrh that HALL'S CATARRH MEDICINE will not cure.

J. J. Chesney & Co., Toledo, Ohio.

The motion of waves ceases to be felt at the depth of 3,600 feet.

Japan has a silk mill which is operated by women and the total capital of \$1,500,000 was subscribed by women.

Mineral Output in B.C. An official estimate of the mineral output for British Columbia for 1912 places the value at \$33,296,313.

To Manufacture Potato Flour.

A new industry will probably be established in Manitoba by G. L. Dodds, of Arthur, Manitoba, who has under contemplation the opening of small potato flour mills in various parts of the province.

Of Local and General Interest

Rev. Wilkinson, of Pincher Creek was a visitor here on Tuesday.

Mr. Brooks, of Calgary, representing the Loyal Protective Insurance Co., was in town this week.

Mr. and Mrs. G. H. Snood, of the Coleman Hardware, are on a holiday visit through central Alberta.

The annual meeting of the Alberta division of the Canadian Press Association is being held at the Palliser hotel, Calgary, today and tomorrow.

Private Logan, who has been inmate of the Frank Sanatorium for a long time, died on Wednesday of this week. The remains will be taken to Edmonton for burial.

We got slightly mixed up in our Welsh a couple of weeks ago. We announced that Mrs. Owen Morgan had left on a visit to Wales, which should have read Mrs. Evan Morgan.

"Very Good Eddie" received a rousing reception at Coleman on Monday night, the gate receipts reaching about \$400. Local public have got to realize the importance of encouraging local talent.

R. H. Bray, of Winnipeg, one of the men sentenced to jail in connection with the 1919 strike, was here on Monday and addressed a public meeting in the O. B. U. hall. Mr. Bray will address a meeting at Coleman opera house on Sunday next at 7:30 p. m.

For committing forgery by signing the name of Joe Fournier, to whom it was made payable, on the back of a cheque to the value of \$62, as alleged, and obtaining cash for it, Arthur Hould was on October the 1st at Coleman, committed for trial by Judge Morrison. Joe Fournier, of Pincher Creek, stated that the cheque was issued to him by John Salvador, of Coleman, in payment of chickens and had fallen into the hands of the accused, who cashed it at the Bank of Commerce, Coleman.

His Excellency the Duke of Devonshire, governor-general of Canada, donates bronze medals for competition in connection with the recent public school leaving examination. By arrangement a medal is awarded to the candidate taking the highest aggregate in each inspectorate, and in case of the larger centres, Edmonton and Calgary, medals are donated to the two candidates obtaining the high aggregate. In the Macleod inspectorate Miss Kathleen Maude Elton, aged 15 of Cowley, a pupil of Pincher Creek school, was a successful candidate.

J. W. Ashdown, of Notch Hill, B. C., is renewing old acquaintances in this district. Mr. Ashdown was one of the Pass pioneers, having first journeyed through here about twenty years ago. He was the second agent to be appointed by the C. P. R. for Blairmore station at a time when Blairmore contained but a few log shacks and he is agreeably surprised at the extent of the town's growth and the prospects that lay before Blairmore for the future. Mr. Ashdown is now C. P. R. agent at Notch Hill, B. C.

At the meeting of the Crow's Nest Local of the Alberta Teachers' Alliance, held in Blairmore on Saturday last, the following officers were elected: D. M. J. Conway of Blairmore, president, by acclamation; R. Powell, of Coleman, vice-president, by acclamation; Mr. Holman, of Hillcrest, second vice-president; Mr. Aseltine of Bellevue, secretary-treasurer.

Two of a band of four bandits were captured alive in Saskatchewan and will have justice meted out to them. The other two received their deserts in a haystack.

A new furnace has been installed in the Union church.

A dance will be given in the pool hall at Frank on the night of Monday, October 18th.

N. W. E. King, representing Miller & Richard, type founders, was in town this week.

Miss B. Shead, of Pincher Creek, is spending a few days this week with her sister here.

The Canadian Chautauquus is being greeted by record houses at Coleman this week.

A meeting of the I. O. D. E. will be held in the town hall on Wednesday evening next at 7:30.

"She Couldn't Marry Three," could she? See why she couldn't at the opera house on Tuesday, October 19th.

Mrs. J. E. Gillis and child returned on Sunday morning from an extended holiday trip. They were met at Calgary by Mr. Gillis.

The mines in this district are working full blast under the best conditions and the biggest wages in the district's history.

One of the most curious freaks of nature came into the world in the form of a calf with four heads, born on the border of Langley and Surrey. The animal lived three days.

A herd of wild bison, numbering over one thousand animals, said to be the last herd on the North American continent, has been discovered roaming in the MacKenzie River basin.

"She Couldn't Marry Three," a play about Blairmore and Blairmore people, at the opera house, Tuesday, October 19th.

We regret very much that we are unable this week to find space for the Bellevue Horticultural Show prize list. Same will appear without fail in our next issue.

The Women's Auxiliary of the Anglican church at their sale and tea on Wednesday last netted the sum of \$103.00. They wish to thank their many friends for their kind patronage.

W. A. Chester, who for several years has been in the employ of the local cement plant, left here on Tuesday evening for Vancouver, where he hopes to enter into business of his own.

Several dressmakers arrived in town this week and are measuring the hull of Emperor Pick for the purpose of dressing him presently for the occasion of the governor-general's visit.

Messrs E. F. Rabal have sold out their Blairmore business to the Saad Co., of Fernie, and following stock taking which is proceeding this week, a big sale will be put on about the 15th. Watch for bills.

The many friends will be glad to hear that Alfred McKay is at home from the hospital, after a successful operation, for appendicitis. Mrs. S. McKay wishes to thank their many friends for their kindness towards him during his illness.

Postmasters have received instructions to raise the price of stamped envelopes as follows: One-cent envelopes \$1.30 per 100; two-cent envelopes \$2.30 per 100; three-cent envelopes \$3.30 per hundred. The three-cent envelopes will be ready for sale within three months.

Sarto Marcovand, a minor, has secured judgment in a Quebec court against his father for \$5,000 damages for injuries suffered through being run over and crushed by his father's auto.

Report of Blairmore School for September
